

Adasio™ Performance Alfalfa

Alfalfa Hay - Cubes

Performance Beef

Adasio Performance Alfalfa Cubes are an important part of the Adasio Feeding Program that puts more weight on your cattle in a shorter time. Whether your cattle are breeding, weaning, maintaining or finishing, our feeding programs are right for you. Adasio Feeding Programs can help you minimize costs and bring your cattle to market quicker.

Adasio Corp is known for its high quality crops grown under an environmentally protective water conservation program in the U.S.A. This sustainable agricultural practice provides a rich supply of organic nutrients to the fields producing high feed value alfalfa hay. No chemical fertilizers are ever applied or needed.

Alfalfa Hay Cubes

No binding agents, fertilizers, or insecticides added.

BEEF STEERS

If possible to feed separately from dam, early nutrition will support growth, rumen development and early weaning. Alfalfa provides high quality protein, minerals and digestible fiber. Improved nutrition in early life stages can lead to better growth and early reproductive maturity in heifers.

Body Weight (lbs)	Adasio Hay* (lb/day)	Silage & Adasio Hay** (lb DMI/day)
300	4 to 4.5	2 to 2.25
400	5	2.5
500	6	3
600	7	3.5
700	8	4
800	9 to 10	4.5 to 5
900	10 to 11	5 to 5.5

* With Adasio contributing ½ of DMI, local forages other ½.

** With Adasio contributing ¼, local silage ¼ intake, and local forages ½ of DMI.

Results may vary depending on genetics, management, environment, infrastructure.

BENEFITS

- Lower cost to market
- Better lactation for calves
- Tender forage for quicker weaning
- More weight gain per day
- Better quality meat
- Better bull performance
- Highest profits

ALFALFA CUBE ADVANTAGE

- Easy to handle
- No binding agents
- Easy to weigh and distribute
- Smaller stems, more leaves
- Competitive price

INSPECTED & CERTIFIED

- Insects are controlled by careful harvesting and inspection techniques
- USDA inspected before shipment

ADASIO™ PERFORMANCE

Alfalfa Hay - Cubes

Certified Field R1-5B

Guaranteed Analysis

Protein 27% min. (dry)
 Acid Detergent Fiber 28% min. (dry)
 Neutral Detergent Fiber 32% min. (dry)
 Total Digestible Nutrients 69% (dry)
 Relative Feed Value 195
 Moisture 13% max.

Ingredients

Alfalfa (Medicago sativa)
 Quality: Supreme

ADASIO™ PERFORMANCE

Alfalfa Oats - Cubes

Certified Field R13-2

Guaranteed Analysis

Protein 23% min. (dry)
 Acid Detergent Fiber 30% min. (dry)
