

Adasio™ Performance Alfalfa

Alfalfa Hay - Cubes

Performance Goats

Adasio Performance Alfalfa is an important part of the Adasio Feeding Program that leads to increased milk production and quality. Whether you have a grazing or dry lot operation, our feeding programs are right for you. Adasio Feeding Programs can help you minimize costs and bring your milk-producing goats up to maximum production quicker.

Adasio Corp is known for its high quality crops grown under an environmentally protective water conservation program in the U.S.A. This sustainable agricultural practice provides a rich supply of organic nutrients to the fields producing high feed value alfalfa hay. No chemical fertilizers or herbicides are used in our fields.

Alfalfa Hay Cubes

No binding agents, fertilizers, or insecticides added.

DAIRY GOATS / 120-150 LB. ANIMALS

Target 2 to 3.5% body weight in dry matter intake per day, with water, and native forage freely available.
